

**Goals:**

- 1) To provide proactive quality education, intervention, evaluation, treatment, and continuing care for all Mississippi licensed professionals with potentially impairing illness.
- 2) To promote the best medical and other professional care possible for all Mississippians.
- 3) To stay abreast of and be open to advances in the field of professionals health and wellness issues and quick to adapt proven innovations.
- 4) To be leaders in educating boards, professional societies, and the public in matters regarding professional illness and recovery.
- 5) To achieve state and national recognition as a leader in the field of professionals health issues.
- 6) To contribute to advancements in the field of professionals health through interaction and participation with FSPHP and related organizations.
- 7) To see the professionals' health services, such as those available through PHN, made available to all Mississippi licensed professionals.
- 8) To cultivate and maintain excellent relationships with all involved regulatory agencies, professional societies, and the general public
- 9) To encourage, promote and participate in research in the field of professionals health and wellness.
- 10) To operate in an open, honest, inclusive, and transparent fashion.
- 11) To develop recovering professionals as diplomats of recovery within their own professional circles
- 12) To develop sustainable sources of funding to support PHN's mission.
- 13) To maintain an organizational structure that will help achieve PHNs goals, vision, and mission.
